PROFESSIONAL SUMMARY

Coordination-focused professional with nearly 11 years of experience in scheduling, multi-stakeholder communication, documentation, and remote operations in online IT education. Transitioning into IT Project Management after completing formal PM and Scrum training and independently developing a structured set of planning and documentation artifacts for the CityHub educational portfolio project.

HARD SKILLS

Project Coordination · Schedule Planning and Coordination · Project Documentation · Requirements Documentation · Stakeholder Analysis · Risk Identification and Assessment · Work Breakdown Structure (WBS) · RACI Matrix · MoSCoW Prioritization · Scrum Fundamentals

SOFT SKILLS

Clear Communication · Organizational Skills · Attention to Detail · Time Management · Managing Multiple Priorities · Reliability · Adaptability · Practical Problem Solving

PROFESSIONAL EXPERIENCE

Prog Academy — Online IT Education
Administrator / Educational Process Coordinator *March 2015 – January 2026*

- Coordinated the educational process for multiple study groups simultaneously, including scheduling and schedule-change coordination with instructors.
- Acted as the primary point of contact between sales managers, instructors, accounting, and students, resolving organizational issues across departments.
- Maintained student records and statuses in Kommo CRM and the Learning Management System (LMS).
- Managed internal documentation and reports, and monitored tuition payments against internal spreadsheets.
- Coordinated the preparation of contracts and commercial offers, and organized issuance of certificates and platform access.
- Supported new group launches and organized individual consultations for students.
- Responded to student and instructor inquiries via email and messaging platforms, ensuring smooth day-to-day operations.

PORTFOLIO PROJECT

CityHub — Unified Information Platform of Ukraine's Settlements
Educational Portfolio Project | Role: Project Manager (Educational Project)
Final assignment for the Project Management with AI course, Hillel IT School

Independently prepared a structured set of project planning and documentation artifacts for a concept platform aggregating information about Ukrainian settlements, including:

- Project Charter, Stakeholder Matrix, Software Requirements Specification (SRS), and User Mapping
- Work Breakdown Structure (WBS), RACI Matrix, and MoSCoW Prioritization
- Gantt Chart, Resource Plan, Communication Plan, Budget, and Risk Register
- Final Project Presentation View Presentation

Developed basic, portfolio-level familiarity with Jira and Confluence while working on backlog structure and centralized project documentation.
